Alan,

It has come to my attention that last year Lorena Parker made an attempt to have staff at CD15 intervene with with the City of Los Angeles regarding local property owners who had been cited for issues with their dumpsters and that were facing criminal complaints (see attached emails between Lorena and Ryan Ferguson and Jacob Haik).

I would like to know:

1. the names of the property owners that Lorena was attempting to intervene on the behalf of
2. What became of her efforts regarding this issue
3. What became of the complaints against the property owners
4. If this issue has been brought before the PBID board or if there are any plans to bring it before the board
5. If any action has been taken against Parker in regards to this issue by the board or the city attorney
